MUHLENBERG

CAREER SURVEY CLASS OF 2011

INTRODUCTION

Muhlenberg’s **Career Center** assists students in exploring careers, finding internships and jobs, and seeking admission to graduate school. Whether the question is, “What am I going to do with my life?” or “How do I write a resume?” the Career Center has extensive counseling, workshops, library and electronic resources to help students and alumni achieve their goals. **Students are encouraged to begin using the office as early as their first year.**

To assist students in their career exploration, the Career Center uses an online career guidance program called **FOCUS** which allows students to assess their interests, skills, personality and values, and provides them with detailed information about possible careers. Another way for students to explore fields of interest is through the **Muhlenberg Shadow Program**. The Career Center connects students with alumni and the students spend a day on the job with them over the winter break.

Muhlenberg alumni are involved in many different ways with the Career Center. Through the **Muhlenberg Career Network** (MCN), students can speak with any of over 900 alumni in a broad array of fields who have volunteered to provide information and career advice to current Muhlenberg students. Many alumni return to campus to participate in “Dine for Success,” various career panels, and Muhlenberg’s national award-winning “Alumni in the Classroom Week” and “Career Campaign.”

The **Career Resource Library** houses an extensive collection of books, directories, and job-related information. Programs like “Where the Jobs Are,” “Interview Power,” and “Write Awesome Cover Letters” help students enhance job-seeking skills. Students interested in continuing their education will appreciate the Career Center’s “Gearing Up for Graduate School” programs as well as their comprehensive graduate/professional school tips and resources.

Each year representatives from business, government, industry and non-profit organizations visit campus to interview students. In addition, more and more recruitment is being done online. Students can access Career Center information and job listings via the Internet. The Career Center is also an excellent source of internship information, providing a searchable online database where students can enter key words to seek internships in a variety of fields and locations.

To reach the Career Center’s web page with links to recommended sites and job listings, go to **www.muhlenberg.edu/main/aboutus/careercenter**.

2011 PLACEMENT

Many Muhlenberg students complete a double major or a major/minor at the College. In fact, over half of our students graduate with one of these combinations annually. This listing of placements is done by the first major listed on each student’s transcript, so it does not capture all of the double major and major/minor combinations our students complete.
